Rolleston, Christchurch

I am an aspiring software engineer with a Master of Applied Data Science from the University of Canterbury, currently completing a Software Engineering Certification to build my full-stack development and systems design skills. My strengths lie in problem-solving, automation, and applying AI tools to enhance workflows. With experience in healthcare data workflows and strong communication skills developed through diverse work and sporting pursuits, I bring curiosity, discipline, and adaptability to every challenge.

Qualifications

Software Engineering Certificate

Institute of Data & University of Canterbury
April 2025 – July 2025

Master of Applied Data Science

University of Canterbury
July 2021 – February 2024

Bachelor of Science in Actuarial Science and Economics

Victoria University of Wellington
February 2017 – November 2020
